After graduating from college with a BFA in Studio Art, **Holly Nichols** sought a way to merge her love of fashion with art. Her sketchbook and napkin doodles of designer duds became refined drawings that she now creates with her beloved artist markers. She uses her fashion-inspired illustrations to engage her audience of more than 10 MILLION social media followers. Holly has created fashionable illustrations and artful campaigns for TRESemmé, Saks Fifth Avenue, Barney's New York, Neiman Marcus, Disney, Living Proof, and many more. She creates her work both in her studio, and straight from the seats of fashion week and more. Her work is sold internationally and she works with corporate clients to create fashion and beauty illustrations for campaigns, live-sketch events, and more. Today, she uses artist-quality illustration markers to hand-sketch garments with love from her studio just south of Boston, MA. ABOUT THE AUTHOR

Lindy has always had a deep love for animals. When she was just seven years old, her family joined a wildlife rehabilitation organization where Lindy spent countless hours caring for young, orphaned animals who were eventually released back into the wild. She also worked with a local group as a pet detective helping train dogs to search for lost pets. She was a member of the FFA (Future Farmers of America) organization where she competed on the horse judging team and showed sheep. Lindy received her Bachelor of Science Degree in Agriculture Science from Cal Poly. She currently resides in Bakersfield, California, with her husband and three children. She loves their family's two dogs and cat and her weekly horseback riding lessons.

Climate Change: The Choice is Ours

THE FACTS, OUR FUTURE, AND WHY
THERE'S HOPE

David Miles, Illustrated by Albert Pinilla

Climate change: would you leave it to chance? In this interactive book for kids, young readers will learn about climate, how climate has changed throughout history, and the driving forces of the greenhouse effect. Using colorful illustrations, simple text, and research from trusted sources like NASA, NOAA, and the United Nations, *Climate Change* outlines the causes of climate change and gently explores its consequences like rising sea levels, more extreme weather, and drought. Though not shy about uncomfortable realities, *Climate Change* also emphatically teaches hope for the future and includes timely recommendations for what kids can do and short bios of kids who are leading the charge. Most importantly of all, the book's built-in spinner offers readers a choice on every page: spin the arrow and leave climate change to chance, or do something about it!

WALT DISNEY

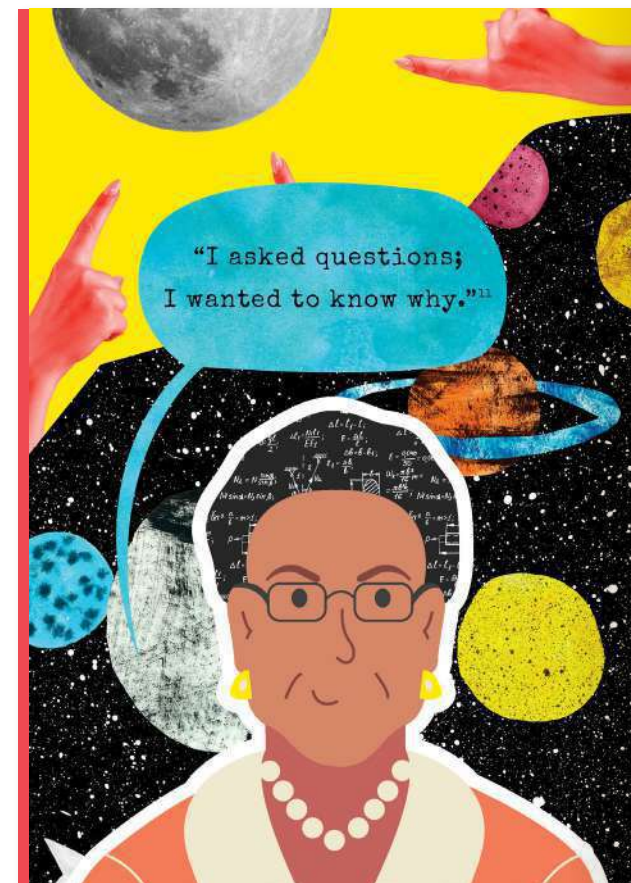

DECEMBER 5, 1901–DECEMBER 15, 1966

The visionary who stuck with it.

At only ten years old, Walt Disney rose each morning at 4:30 with his brother Roy so that they could deliver the morning editions of *The Kansas City Times* and *The Kansas City Star*. Then, after school, they would deliver the evening paper in the same way. Sometimes Walt was so tired that he fell asleep in school and his grades suffered, but he kept at his paper route for six years. His ability to stick with something hard would be the key to his success later in life.

From a very young age, Walt was interested in art and drawing. He practiced drawing by copying

The Stories Behind the Stories PDF

THE REMARKABLE TRUE TALES BEHIND YOUR FAVORITE KID'S BOOKS

Danielle Higley, Illustrated by David Miles

Did you know that the Very Hungry Caterpillar was originally just a fat worm named Willi? Or that the author of Charlotte's Web hatched real spiders on top of his dresser? In *The Stories Behind the Stories*, you'll hear the incredible behind-the-scenes tales of twenty-nine beloved children's classics. Discover the childhood inspiration behind Charlie and the Chocolate Factory, the original name of Curious George, the mysterious origin of Mother Goose, and what happened when Maurice Sendak told his editor he couldn't draw wild horses (spoiler alert: he drew wild things instead). It's a celebration of children's literature, and you're invited!

ABOUT THE AUTHOR

Danielle Higley is a children's book author, editor, and fan girl. Her own backstory is far less interesting than that of Curious George, but she did manage to write this book while parenting during a global pandemic! PETER AND WENDY

Sometimes it takes a few drafts to get a character just right. But while it's common to try out multiple versions of the same story, surely no character has been through more revisions than Peter Pan.

You probably know Peter Pan as the charming young boy who takes the Darling children—John, Michael, and Wendy—on an adventure to Neverland. But that's not the story J.M. Barrie originally wrote. In fact, Barrie would publish at least three different iterations of Peter Pan before writing his best-known version, *Peter and Wendy*.

Peter Pan first pops up in Barrie's 1902 book, *The Little White Bird*. It's a sad story, where one-week-old baby Peter flies away to Kensington Gardens to play with the fairies. He believes his mother will wait for him and love him always. But when he returns home, he finds the window locked and his mother cuddled up with a new baby.

The concept for the boy who never grew up was most likely inspired by Barrie's brother David, who passed away when they were children. Because he died at just thirteen years old, David was always remembered as the perfect child—a boy, always. But David wasn't Barrie's only muse.

In 1898, four years before *The Little White Bird* was published, Barrie met the Llewellyn Davies children: George, Jack, and Peter, aged five, four, and one. Later, he'd meet their brothers, Michael and Nicholas.

Barrie befriended the family one day when they were on an outing with their nanny. He was fond of children, though he and his wife didn't have any of their own.

Barrie eventually became a sort of uncle to the Llewellyn Davies boys. He often went with them to Kensington Gardens, where he told them stories of Peter Pan. The children liked to act out the stories, which Barrie eventually updated to include mermaids and pirates.

AUTHOR:
J.M. Barrie

PUBLISHED:
October 1911

DID YOU KNOW?

Since the very first production of *Peter Pan* in 1904, it's been tradition to cast the same actor for Captain Hook as the one who plays George. The decision creates a nice continuity for the children's Wendy. Wendy is the villain of the village, and the actress who plays her is the actress who plays Captain Hook. Peter Pan wouldn't just be taking the children away from their mother—he'd be fighting her, too, as his arch nemesis in Neverland. The idea was so alluring, Barrie even titled an earlier version of the play, "The Boy Who Hates Mothers."

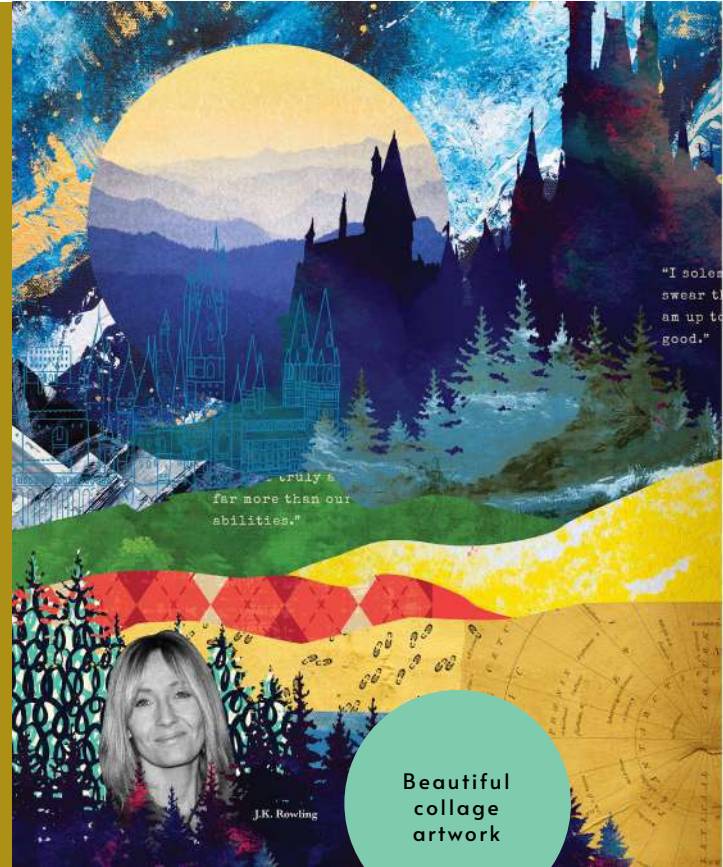

But then the actor who'd been cast as Mr. Darling, Gerald du Maurier, messaged up all of Barrie's lovely symbolism. Maurier was uncle to the Llewellyn Davies children, and he was apparently very excited about the role of Captain Hook. He asked Barrie if he might play Hook instead, and as a favor, Barrie agreed. So much for meaningful metaphors.

Includes 29 beloved works of children's literature

Beautiful collage artwork

"In the first draft, [Harry's] parents were disposed of in almost a cavalier fashion." But once she'd experienced that loss for herself, Rowling saw death differently. "From that moment on, death became a central—if not the central theme—for the seven books."

Following her mother's death, Rowling moved to Portugal. She married, had a daughter, then separated from her husband and moved back to Scotland. Tucked inside her suitcase were the first three chapters of the book she'd started three years before. Broke and tasked with raising her daughter alone, Rowling needed a break.

It took nearly three more years, but eventually she got one. A year and a half after she moved back to the U.K., Rowling finished *Harry Potter and the Philosopher's Stone*. Several months later, she found an agent, and that agent began submitting Rowling's manuscript to publishers.

It sounds insane now, but twelve U.K. publishers actually rejected *Harry Potter and the Philosopher's Stone* before Bloomsbury finally said yes. A year later, American publishers would get into a bidding war over who would acquire the right to publish Rowling's book in the U.S. (Scholastic won for \$100,000—quite a bit more than the \$4,000 Bloomsbury paid in the U.K.).

As of 2021, the Harry Potter series has sold over 500 million copies. Rowling, who once lived in poverty, became one of the wealthiest people in the world. And as for the boy who came to her on a Manchester-London train, he's become a global sensation. 🐉

Stand Up to Sexting

AN OPEN CONVERSATION FOR PARENTS AND KIDS

Christy Monson, LMFT, and Heather Boynton, Professor of Child Development; Illustrations by Sara Ugolotti

Sexting—the texting of nude or sexually suggestive images to another person—has become so commonplace that nearly 1 in 4 teens admits to being a participant. The problem is, sexting destroys self-esteem, undermines healthy relationships, leads to depression and self-harm, and can even result to run-ins with the law. It's no wonder that parents recently put sexting among their top-3 parenting concerns—but what's a parent to do?

Stand Up to Sexting is the essential guidebook for parents and tweens to having an open, relaxed conversation about the dangers of sexting. Written in miniature chapters, the book includes friendly illustrations, Q&A prompts for easy conversations, and tools for staying safe. Designed for tweens ages 10-13, the book is the perfect preemptive tool for preparing your kids before their teen years strike. Chapter topics include:

- What is Sexting?
- Sexting and the Brain
- Your Digital Footprints
- What to Do if You Feel Pressured to Sext
- Boyfriends and Girlfriends
- How to Avoid Being a Victim of a Sexting Bully
- Staying Safe from Predators
- Using the Internet for Good
- and much more!

ABOUT THE AUTHORS

As a marriage and family therapist, Christy Monson spent years helping clients heal and reframe their lives in Las Vegas and Salt Lake City. She received her B.A degree from Utah State University and a M.S. from University of Nevada at Las Vegas.

Heather is a member of the Child Development Department at Clovis Community College. She received her MA in early childhood education from California State University. Heather lives in California with her husband, Dave, and their four kids.

INKBLOT Drip, Splat and Squish Your Way to Creativity

Margaret Peot

ISBN 9781590787205

Picture Book

USD: \$19.95

pages: 56

Trim: 10" x 10"

Recommended for Ages 10-17

Inkblots aren't just for psychology... Just as Leonardo was inspired by the haphazard swirls in marble, and Victor Hugo dribbled coffee and wine on paper to create new imagery, Margaret Peot takes inkblots to new creative heights with this stunning, hands-on celebration of their beauty and potential. Basic information on paper and ink as well as advanced techniques for looking and seeing guide readers to transforming inkblots into works of art.

"... Upbeat, practical, and nearly irresistible, this may just be the go-to book on inkblot art." -Booklist, ALA

In addition to writing and illustrating books for children and adults, **Margaret Peot** has painted costumes for Broadway theaters for over twenty years.

Inkblot Variations

Long, thin inkblots, undulating lines, poured inkblots, inkblots "blown open," and blown inkblots each require a specific technique. You may discover new methods as you become familiar with the materials. Your personality will determine whether you dip on the ink with abandon or put it on carefully, steadily, with a grand plan in mind.

Long, Thin Inkblots

You can create an inkblot of any shape and size by changing the way you apply ink and penmanship. Along that, vertical inkblots can look like a rodent, a tree, or a person. If you turn it horizontally, you may see an alien landscape—trees, bushes, and hidden creatures reflected in a smooth river.

To fold your paper, apply a small amount of ink and water close to and all along the fold. Fold gently, using your finger to press toward the fold and up and down along the fold. Add a bit more ink if you wish, and refold the paper.

- You will need:
- Lighweight paper
 - India ink
 - Colored ink
 - Water

About the book

Bear just wants a cool, new hairstyle to impress his friends, but finding a style that suits him proves very difficult. Time after time, Bear changes his locks with dramatic results but ends up being laughed at. Can he find the perfect hair and please his woodland friends, or do they like him just the way he is?

The Bear and The Hair is an appealing hand puppet book for young children exploring the themes of group acceptance, expression through personality and fun with hair styles!

Parents can enjoy putting on their own character voice and bring Bear to life by inserting their hand into the puppet mouth to fully animate him! A 360° rotatable mouth helps match Bear to the action on each page.

The Author/Illustrator

Born in Liverpool, 27-year-old Claire Evans is a talented young illustrator with a diverse style who enjoys injecting a sense of fun into her work. A graduate from Liverpool John Moores University, Claire has produced many commercial projects including two books for Linda Pizzuti Henry and Liverpool FC.

...Back to the shop, for one last go,
"What else can you try?"
(Bear just didn't know!)

Key benefits

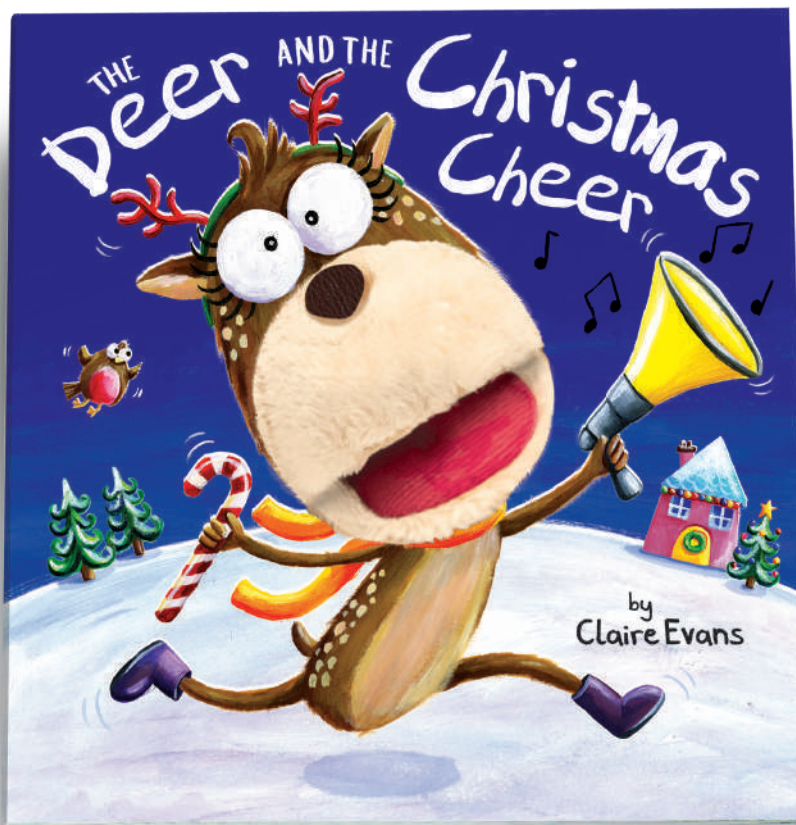

- A playful hand puppet book for young children exploring peer acceptance, individuality and hairstyles.
- A rhyming narrative with bright, full-colour illustrations throughout.
- Puppet/book combination encourages parent/child interaction, voice-play and acting.

About the book

Little Deer just can't wait until Christmas time. So she dances and skips around, singing her favourite festive tunes to all of her friends, but they are simply too busy to join in! Will Little Deer be the only one to spread Christmas cheer? A surprise appearance from Santa Claus himself could be just the thing to make her Christmas the best one yet!

The Deer and the Christmas Cheer is the perfect book for the whole family to gear up for Christmas. The plush hand puppet book allows readers, old and young, to have fun playing out the story themselves.

Parents and children can sing along to cheer up Little Deer in this musical alternative to the beloved story of Rudolph. A 360° rotatable reindeer mouth helps match Deer to her surroundings on each page.

Little Deer was so excited!
 "The big day's almost here!"
 And off she shot into the woods
 To spread her Christmas cheer.

Put the magic back into reading

Engaging, inspirational and practical – the complete course book and teacher's guide for Reflective Reading. This exciting approach improves attainment, achievement and motivation and offers a coherent, full-week solution to reading comprehension in the primary classroom.

Put the magic back into reading through fun, engaging ideas and activities for the teaching of reading. Create life-long readers with good reading habits, who read for pleasure and appreciate text in all its forms. Ensure higher order thinking skills are embedded within teaching and learning using a new, child-friendly taxonomy – the Comprehension Compass. Teachers and children will enjoy completing and creating Task Maps, Long Reads and Short Reads and TextPlores activities.

Includes photocopiable lesson plans, templates, and downloadable resources – so you can get started straightaway.

Anne Glennie is a literacy consultant and trainer, author of Reflective Reading and Phonics Forever, and owner of The Learning Zoo.

To date, she has trained over 10,000 teachers in all aspects of literacy and assessment in Scotland. A classroom teacher first and foremost, Anne provides training that delegates describe as 'creative', 'fun' and 'inspirational' – with an emphasis on the practicalities of teaching and learning in a primary classroom.
